

# Simplify your complex SBRT fiducial marker placements!

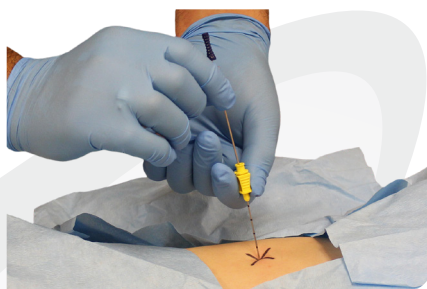

CIVCO Cartridge Kits reduce the number of needle passes and minimize the chance for Edema or Pneumothorax

1

Insert and guide needle to desired location and remove the stylet.

2

Use CIVCO's pre-loaded cartridge to place fiducial marker into needle hub.

3

Return stylet to deploy marker. To create desired reference, reposition the needle to add additional markers.

## Specialty Marker Kit Options\*

### PointCoil™ SBRT Kit

MTCTXPC0819153

Trocac placement needle Qty 1  
19 GA x 15 cm

Pre-loaded PointCoil cartridge Qty 3  
0.8 x 5 mm marker

### Additional Cartridge

MTCTXPC08185
